## Stage 4 PD/H/PE

---

Dear Parent/Guardian

This term, students in Stage 4 PD/H/PE will be learning about sexual health within the topic, *"What's Happening To Me"*. Some of the content of the program deals with sensitive issues. The school recognises this by teaching about these issues within the context of a developmentally appropriate program and by providing information to you about the program.

This unit will involve looking at the stages of development and create an understanding as to why these are occurring. Specifically, students will learn about the physical, social and emotional changes that take place during adolescence. Students will also develop an understanding of the reproductive system and how to acknowledge and manage feelings, rights and responsibilities in relationships.

The school program will be implemented in a manner that supports the role of parents and caregivers, and reflects the ethos of the school community. These lessons are based on the learning outcomes of the NSW Syllabus. The material presented to students as part of the teaching and learning process is age appropriate, relevant to curriculum aims and objectives and consistent with the values of Public Education.

For more information on PDHPE curriculum content, go to the NSW Education Standards Authority (NESA) website.

If you have any concerns about the content covered, please contact the PD/H/PE faculty at Junee High School.

Yours sincerely

Mrs Andrea Francis  
Head Teacher  
PD/H/PE/Professional Practice
